## **FOR IMMEDIATE RELEASE**

### **SHEA WRITING & TRAINING SOLUTIONS WINS AWARD**

#### **Technical writing company wins at the 2019-2020 Regional TechComm competition**

**HOUSTON, TX – JULY 2020**

We are pleased to announce that manuals we created for [Dresser Natural Gas Solutions](#) were awarded for Excellence and Merit by the Society of Technical Communication (STC) Alliance.

The STC Alliance consists of chapters from New York Metro, Philadelphia Metro, Rochester, New England, Washington, DC - Baltimore, Atlanta, and South-Central Texas. STC is dedicated to the advancement of the field of technical communication in the world. The [STC Alliance Competition](#) recognizes excellence and honors those who have made significant achievements within the technical communication profession with the most esteemed award for technical communicators.

This recognition is a testament to the quality of work that the Dresser and Shea teams were able to accomplish together. We sincerely thank everyone on both teams who contributed to these manuals. We are proud of these documents and the assistance they will provide Dresser's product users.

These manuals are available to view through the links for the [Dresser Model 10C25 Series K Installation, Operation and Maintenance Manual](#), awarded for Excellence, and the [Dresser MeterWare Software Manual](#), awarded for Merit.

For more information about STC and the Regional TechComm awards, [click here](#). Applications for the 2020-2021 awards will open in October 2020.
